Quality and Performance

All our products are designed to not only look good but also perform.

Many of our features and benefits cannot be seen to the naked eye and it's not until you wear and perform in the garment that you fully understand why Puma is one of the leading sports brands in the world and worn by some of the biggest sporting teams and individuals known.

Men's, Women's, and Youths sizing available in all models. [Also](#) extra length available as an option (ELITE JUMPER)

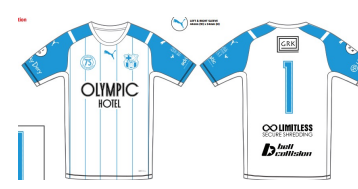

DRY CELL: patented moisture management technology that wicks moisture from the body to the outside of the garment to keep the player dry and cool.

ANTI-PILING / COLOUR FASTENING / ANTI STAIN are all fabric applications to lengthen the life of the garment and ensure it looks and feels brand new week after week.

ANTI-BACTERIA bamboo based coating is applied to the fabric which destroys certain bacteria keeping the garment smelling fresh.

FABRIC STANDARDS: Every production order for ALL materials used in the construction of our range must pass through an independent test ensuring quality and consistency of our product.

LIGHT WEIGHT: 145gm double knit polyester fabric with mesh panel inserts available for comfort and performance.
